Recycling Station

At your joint waste solution also called a recycling station, there are containers above or under the ground for different waste types. Container lids have to always be fully closed and waste should never be stuck. At the recycling station you must sort a number of mandatory types of waste, but your landlord have the possibility to add additional waste types.

Visit our recycling centres and secondhand shop

In Fredericia we have two recycling centres where you can hand in a wide range of different waste types. The local recycling centres are located at Bundgårdsvej 2 and Nordre Kobbelvej 9. Here you can get 24-hour access by signing up for the service at www.affaldgenbrug-fredericia.dk/døgnåben.

We also run a secondhand shop right next to the recycling centre at Nordre Kobbelvej. Come check out our range of reuse furniture, toys, clothing and more.
